

Carolinan College of Health Sciences presents

Funded in part by a grant from the Charlotte Area Educational Consortium

A Festival for Learner-Centered Educators

The On Course Workshop is a highly experiential professional development event designed to provide you with innovative strategies for empowering your students to become active, responsible and successful learners.

These learner-centered strategies—representing best practices from innovators in higher education, business, psychology, sports and personal effectiveness—help students become full and active partners in their own education.

Strategies presented in this workshop improve both student academic success and retention. View data from a number of college and universities at www.OnCourseWorkshop.com (click on DATA).

Join us for this major on-campus professional development event and learn proven methods for empowering your students to achieve their greatest potential in college...and beyond.

Presenter: Dr. Skip Downing- creator of On Course Workshops

Dr. Downing's teaching, writing, and consulting are all guided by his belief that the greatest mission of any educational institution is empowering its students to live rich, personally fulfilling lives.

"An outstanding professional development event"

What a wonderful one-day workshop! The next week people were talking about it all over campus! I am beyond thrilled with the enthusiasm your workshop generated. I was inundated with requests for "clean" copies of the handouts from your session at our division meeting. Thank you for all of the practical, as well as fun, teaching strategies.

--Dawn Haden, Quality Enhancement Plan Coordinator, Thomas Nelson Community College (VA)
