

CAROLINAS COLLEGE OF HEALTH SCIENCES
School of Clinical Laboratory Sciences / Medical Laboratory Science Program

GOALS

1. The program's master curriculum prepares graduates with the psychomotor skills, cognitive knowledge, and affective attitudes necessary to function as competent entry-level medical laboratory scientists.
2. The program's master curriculum is in compliance with National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) accreditation criteria.
3. The program's master curriculum prepares graduates with the cognitive knowledge necessary to successfully pass the American Society of Clinical Pathology Board of Certification exam.

EXPECTED OUTCOMES

1. Program graduates are able to function as competent entry-level medical laboratory scientists.
 - a. 90% of students receive an average score of 80% or greater on
 - i. psychomotor skills evaluations,
 - ii. written exams, and
 - iii. affective evaluations.
 - b. Alumni indicate average ratings of their ability to perform entry-level expectations within 6 months of graduation are at or above 4.0 on a 5-point scale.
 - c. Employers indicate average ratings of program graduates to perform entry-level expectations within 6 months of graduation are at or above 4.0 on a 5-point scale.
2. The curriculum of the School of Clinical Laboratory Sciences is in 100% compliance with standards outlined by NAACLS.
3. First-time certification pass rates are at or above 90% for the entire year.
